About Us

SECTOR OF WORK

Shopfitting and cabinetry at a high pace & volume with precision.

FOUNDED
2008

DIRECTOR
Leon Grobler

OVERVIEW

Alto Kitchens is a service-orientated South African company specializing in the design, manufacturing and installation of kitchens, built-in cupboards, vanities and shopfitting.

We strive to continuously improve our production and quality in a cost-effective way.

Our strengths lie in our sophisticated infrastructure, with a fully automated 3500m² factory, with the world's best machinery, to ensure precision at all times, with a capacity to produce up to 6000 houses fully fitted per annum.

BACKGROUND

Established in 2008 within the Dalmar Group of companies (est.1973), our Management Team, together with our highly qualified machine operators we consist over numerous years of experience in the Kitchen & Shopfitting industry.

Our unique approach to kitchen design and manufacturing allows us to provide fast paced service, high-volume products in a cost-effective way within the development industry.

We take pride in our workmanship and attention to detail. This is especially off high demand in our high-end product line where precision is of acute importance.

We believe in reflecting the true vision and style of our clients, but will never compromise on quality and functionality.

About Us

Vision & Mission

Vision

To be a world leader in the Kitchen and Shopfitting industry, most admired for its leadership, service and performance.

Our products must inspire customers worldwide.

Mission

To provide fast paced service, high-quality products, with a cost-effective technique.

Our Factory

OUR OFFICES AND FACTORY ARE BASED IN K109 BUSINESS PARK, VAN ECK PARK, BRAKPAN.

INFRASTRUCTURE

We take extreme pride in our well structured, well equipped factory that occupies an area of over 3500 square meters, with the latest manufacturing technology and adequate warehouse for our bulk purchasing and stockholding.

CHOICE

We provide the latest kitchen accessories and cabinet fittings.

All our materials are readily available in order for us to provide rapid service within the high-volume industry.
